- \* It is behind Oakwood's highly praised edible bed
- \* It has run lots of successful events and projects over 10 years ranging from films and talks, work with local schools and awareness raising campaigns
- \* Memorable examples include a Green Fair, Green Hustings, our Climate Change film ("The Unbearable Truth"), expert talks, encouraging "grow your own", our new focus on plastic and much more...
- \* REAP exists to promote positive local action on climate change and the environment, to build community and to make our area a better and more sustainable place to live
