New to the Ideas Trail for 2017: Front Gardens as well as back gardens!!

In 2017 the REAP Gardening Group are supporting the RHS Campaign, Greening Grey Britain (rhs.org.uk) which aims to tackle the increase in grey spaces in our urban environment and particularly to reverse the growing trend of paving over front gardens. So this year our Open Gardens Trail on Sunday June 25th will also include a selection of front gardens which showcase a range of different ideas for these small but important green spaces.

Have you combined your parking and your planting? Have you got a low maintenance front garden? Is your front plot your vegetable garden? Or, do you just love what you've done for the approach to your house?

If your front garden is worth a look over your garden wall, then please contact us roundhayopengardens@gmail.com

Roundhay Open Garden Ideas Trail is very pleased to support St Gemma's Hospice once again.

Garden visitors make a donation at their first garden and then visit as many of the other gardens as they wish.
